The AFF 2018 will be held on Saturday, June 2, 2018 at the Albuquerque Balloon Museum Park from 9:30 AM to 11:00 PM. Following you will find a vendor application and an aerial view (coming soon) of the Museum and grounds.

In the past few years the attendance has spiraled reaching to over 4 thousand music loving people and this year will be no exception. With great performers, free parking, free camping and reasonable entrance fees we expect record attendance.

The Park can be reached from Route I-25 in Albuquerque using the westbound Alameda exit. Travel west, .8 of a mile, to Balloon Museum Drive. Turn right (north) and continue to Museum entrance in front of the building. You can park in front of the building or in the large area to the west of the building, beyond which is a camping area available to all free of charge Friday and Saturday nights. The park will open at 4:30 pm on Friday evening for early **camping** setup.

On Saturday from 7:30 to 9:00 AM the vendor entrance on the EAST side of the Museum will be available for unloading. All cars must be off the field by 9:00 AM and no vehicles are allowed back on field until 11pm. Please bring something to haul your things to the EAST gate if you are planning on leaving before 11pm. This year we have indoor and outdoor spaces. The music stages are set up among vendor and food areas for the best possible traffic for all.
